Who Knows the Value of a Piano?

Of all the merchandise found in the markets of this country there is nothing the public knows so little about as the value of Pianos. Many Piano dealers take advantage of this. They center their argument and recommendation upon a certain \$350 or \$400 Piano, so valued, then they tell you it was the last one of the kind or the first one of the kind, or that they knew your brother or father, or were well acquainted with a friend of yours, and because of this, and rather than have you go out and not buy that day, or because business was dull, or because they wished to break a record, they'll make you a discount of \$50.75 or \$102.50, or they'll even suggest that you make an offer, with but one thought in mind, that if they get from 50 to 60 per cent of the first price asked they will have made a good sale. And ten chances to one the manager will congratulate the salesman or himself of how slick and smooth he was.

The Jenkins plan does not permit such disgraceful methods. We guarantee the quality of our Pianos as well as the price. Every Piano marked in plain figures at its one lowest, last price. No one else in the Piano business buys Pianos so closely is willing to part with them at such a small percentage of profit, or dares to mark Pianos with one price and to treat all customers alike.

The Jenkins Plan Saves you \$50 to \$150 on a Piano and treats you with decency and candor throughout.

Young Man Arrested Here Recently
Sues Sheriff for \$10,000.

On June 10 the sheriff here received a telegram from the sheriff of Kingman county and on the strength of the telegram Deputy Sheriff Charles Northrup arrested John H. Pollock, a young man who was employed at the Santa Fe hotel. A day or so later the Kingman sheriff came to Dodge and returned with Pollock. The trouble was over some order given by Pollock, which order it was alleged was a forgery. The charge was not sustained and Pollock came back to Dodge City a few days later.

He has now instituted a suit in the district court here against Charles Northrup for \$10,000 damages, claiming that the officer arrested him without a warrant and on protest of the plaintiff, and that he was put in jail and suffered great mental anguish, and that he was injured in loss of employment, confidence of his employers and associates, etc., to the amount named in the petition.

Mr. Pollock is said to be well connected and has practiced law. It is understood he claims the trouble at Kingman was made by people who were trying to cause him annoyance for personal reasons.

It is claimed here that Mr. Northrup had legal authority for making the arrest.

COLORADO EXCURSION

Dodge City to Green Mountain Falls and Return for \$6.00.

Dodge City people may now make a cheap trip to Green Mountain Falls, a Colorado summer resort now much talked of. On Sunday, July 15, an excursion will run from Dodge via Colorado Springs, Manitou and Cascade. The rate for round trip from Dodge City will be \$6.00. Excursionists may return on any regular train on July 17, or by a special excursion train which will leave Sunday night.

PRELIMINARY IS HELD.

Swanzy Brothers Made Third Trip to LaCrosse this Week.

The Swanzy brothers and Austin Bailey returned yesterday from LaCrosse to where they had gone for the third time for preliminary trial on charge of arson. The case, which seemed at the first to be without foundation, has gathered no strength in the several weeks during which the country has been dragged for evidence. At the preliminary trial on Tuesday the only witness who furnished any evidence was shipped in from Kansas City. He claimed to have been put off of a freight train at McCracken on the night of the fire, and was in town just long enough to hear the Swanzy boys and Bailey talking about holding a fire and to see them chuck a burning bundle of hay through a small hole in a window glass on the side of the building of the store where the fire started. The story is a very remarkable one, and the defendants seem confident that it is one which will have very little weight. The justice before whom the hearing was held decided to hold the defendants so that the extraordinary story of the pilgrim stranger can be fully investigated.

Huge Task

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so gone, I could not sit on a chair without a cushion, and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by Cash & Bainbridge, druggists; price 50c."

WHAT CIRCUS HORSES KNOW

Some Interesting Facts About the Horse Sense With Floto's Great Shows.

Not all of the many sides of interest of a circus pilgrimage is seen upon the bills. Could our readers but follow the magnificent horses all day as they go about the show ground they would be surprised by the revelation of horse sense.

There are to be counted with the Floto Shows almost three hundred head of horses, and they are all beauties, "perfectly lovely." Each one of these horses can find the car in which it travels at night and can find its proper stall. In the morning when the train is unloaded it knows where to go and where to stand. It knows when its cage or den is ready to be taken to the ground, it sizes up the situation and where its load should be taken. The horse will find his proper place in the big horse tents, and when the parade is ready it knows where it should fall in. These circus horses know as much about the performance as do the people with the show. It has been claimed and is probably true that the ring and performing horses know when they will be needed in the ring, that they can tell by the music of the band.

The circus horses know when to pull and when to lay down; they know how to stand up in a moving car and they know how to hurry in case of a storm. They can do everything but talk.

To select the kind of horses which have given the Great Floto Shows a national reputation for having the finest horses of any show on earth, much time, intelligence, patience and perseverance was required. For the baggage and the heavy work the Percheron type of draft horse was selected, and for his hippodrome races Mr. Floto chose 30 clean-cut Kentucky thoroughbred runners. Each year new stock is selected, always from the same breeds, and those that have been seared, blemished or injured are culled out.

The mating up of the different teams is an object lesson to the eye, uniformity of size, color and style always predominating. When to the 200 head of beautiful black dapple gray and bay horses is added the 68 cute Shetland ponies, it is not strange that the lengthy street parade of the Floto Shows is a most imposing and pleasing sight. And capping the climax to all equine collections are the fourteen steeds of the Black Eagle Feather, the Ben Hur herd of Arabian stallions.

When the Great Floto Shows exhibit here, citizens will not only find the circus and menagerie exceedingly worthy of their patronage, but they will find that the Floto Horse Stables compose a veritable horse fair and they should always be visited. The visitors should not ask what becomes of these horses if they become crippled, as they will be displeased with the answer, which is that they are fed to the animals.

The big show comes Monday, July 10.

Wheat Rye and Barley.

Farmers are hereby informed that I can insure grain in the stack or building against loss by fire and tornado for a very small premium. You cannot afford to carry the risk yourself at the price the St. Paul Fire and Marine Insurance Co. will carry it. See me.

L. G. GROBET, Agent,

County Commissioner Nic Mayrath is in the midst of harvesting 1100 acres of wheat. He has two headers running all of the time and has been hustling to get enough binders added to the force to get the crop harvested in good time. He expects to have between 10,000 and 17,000 bushels of wheat.

No Secret About It.

It is no secret, that for cuts, burns, ulcers, Fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c at Rath & Bainbridge drug store.

Martin Brothers are putting in scales at Howell where they will maintain an office and buy wheat of the farmers in that locality. This will be quite a convenience to the farmers. Some of them claim they can deliver three loads of wheat at Howell in the same time it would take to bring one load to Dodge City.

Poultry Association.

There will be a meeting of the Ford county poultry association held at the court house on Saturday, July 1, for the purpose of electing officers, and for beginning arrangements for our next annual poultry show. W. T. PAXTON, Pres.

Mrs. A. Gluck, who has been at the Welch hospital in Hutchinson for some time, will return to Dodge City Monday. She is not well yet but is able to make the trip home.

MISS STURGEON MARRIED

Wedding Preceded By a Series of Parties by N. N. U. Club.

Miss Grace D. Sturgeon, daughter of Mr. and Mrs. Dave Sturgeon of this place, was married at her home here yesterday evening at 7 o'clock to Mr. Will Lowman of Wichita. The ceremony was performed by the Reverend W. B. Barton and was witnessed by friends and relatives. The contracting parties both formerly lived at Peabody in this state. They became acquainted there and several years ago formed the attachment which has grown stronger with time. The bride has been very popular with the Dodge City young people and with her husband has the congratulations and best wishes of a large circle of friends here. Mr. and Mrs. Lowman will make their home in Wichita. They left Dodge City on the 9 o'clock train last evening. At the depot a large crowd of friends gathered and as the train started the happy couple was showered with good wishes, rice, old shoes, etc.

On June 16 Miss Grace Sturgeon entertained the N. N. U. club with a Japanese luncheon at which she announced her engagement. Dainty Japanese fans were used as place cards and the decorations and table appointments were all suggestive of "Fair Japan". The chicken sandwiches, cherry punch, lady-fingers and cherry sherbert were served in true oriental style by the faithful attendant "Togo". Each member was presented with a silver thimble engraved with the club initials.

Following this, in honor of Miss Sturgeon, Miss Grimes gave an enjoyable hay-rack ride to the club and "Honorary Members." Tin horns were provided for each one and the crowd was by no means a quiet one. Five miles out of town a stop was made and around the camp-fire a jolly supper was eaten. With songs and laughter and fancy bogle call the party arrived home almost in time for breakfast.

Next the club met on the 23rd with Mrs. Wm. Keady and Miss Sughrue at the home of the former, and were delightfully entertained with a heart party. Many games were played and all learned their fate from the wheel of fortune. An elaborate luncheon was served and the table appointments were in the form of hearts, cupid and wedding bells. The unique place cards were silhouettes of the guests' names, and the favors were heart shaped bon bon boxes filled with "Lover's Accomplish."

The Misses Sturm entertained on the 24th with a very pretty Sunflower luncheon. Dainty sunflower doilies and candle shades decorated the table and following the color scheme orange sherbet, yellow and brown cake, and macaroons refreshed the guests. At the end of the yellow ribbons attached to the place cards were found favors of sunflower pin cushions.

The last of the festivities was a Flower Garden luncheon given by Miss Chapman and Miss Rath at the home of the latter. Ice cream was served in small flower pots and eaten with tiny spades. The menu was written on green leaves tied to tiny rakes and hoes and the guests found their places by means of nonsensical rhymes touching on their chief characteristics. The favors were miniature wheel barrows filled with bon bons and packages of heartsease needle cases.

Oliver Davidson who has been braking on the Santa Fe was caught between the bumpers of two freight cars on Tuesday night. The accident occurred at the first station this side of Garden City. A draw bar had been pulled out and Davidson, after signalling the engineer to pull ahead stepped in between the cars. Instantly the engine going ahead it backed suddenly. Mr. Davidson was taken to the Topeka hospital and it was feared that his injuries are serious.

Dying of Famine.

is, in its torments, like dying of consumption. The progress of consumption from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Carfax, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Rath & Bainbridge drug store, price 50c and \$1.00 a bottle. The GLOBE-REPUBLICAN made a terrible mistake last week. It was stated that all of the lady clerks at the Bargain store would be married soon. The item came near causing a duel between two young men in town, and brought out the information that there is not a single engagement ring worn in the Bargain Store.

Coal, Coal.

Leave orders for prepared Canon, just the fuel for summer use, \$5.50 per ton. E. E. SMITH.

The Kansas City Journal of Monday says in its Topeka correspondence: "Mark Tully, of Montgomery, is making a strong canvas already for state treasurer. He will have the third district behind him solidly. Senator George W. McKnight, of Geary, has been sprung by the Fifth district leaders for treasurer. The Seventh district politicians are talking of running W. J. Fitzgerald of Ford, for treasurer. He has been a member of the legislature twice and is slated by his home people for a couple of more terms beginning next year, if he doesn't become treasurer. His county will delay its local convention until after the state convention, providing he gets into the fight for treasurer. Then if he loses out at the state convention he will be sent to the legislature."
